

Post-Congress Workshop

Toward a 21st Century Medicine Synergy: Five Element Medicine Meets Family Therapy

**Sunday, April 3, 2016
9 AM – 4:30 PM**

The Synergy begins. After forty two years of independent clinical practice, David Ford and Larry Freeman have arrived on common ground at the spiritual frontier of healing via medical models that, from the outside looking in, appear to be radically different.

Psychobiological Family Therapy (PBFT) was developed by Dr. Larry Freeman and is rooted in a relationally-based map of the human experience. Mr. Ford's work with Five Element Medicine

Mr. Ford's work with Five Element medicine draws upon a tradition that is thousands of years old, clinically proven out, deeply ecological, and made numinous by historically including spirit as an integral part of the human experience.

Join Larry and David as they use presentation and mutual query to inspire a collegial metalogue that offers complex insights and revelations into the spirit of healing.

Registration Information

Sunday, April 3, 2016, 9 AM – 4:30 PM

- Registration: \$150
- Reserve by phone: 1-360-752-9569
